## To Greenhorn Creek Resort

Experience the majesty of our championship course, refined culinary experiences, exceptional recreational amenities, and a family-friendly atmosphere.

Legendary architect Robert Trent Jones, Jr. redesigned Greenhorn Creek's layout to take full advantage of the historic landscape. The championship course wanders through the rolling Sierra foothills with soaring 100-year old oak trees, ancient structures, underground diggings, and artifacts from California's Gold Rush era.

Our award-winning CAMPS restaurant features seasonally inspired, contemporary American cuisine that captures the flavors of Northern California. Whether you dine indoors or on our scenic veranda, you'll enjoy a meal that's as pleasing as the surroundings.

In The Cellar Room, taste carefully curated wines from the local Sierra Foothills appellation and select limited edition spirits, all complemented by chef-inspired custom charcuterie boards.

Our resort also features an array of sports and wellness amenities, including tennis, pickleball and bocce courts, two serene saltwater pools and a fitness center.
